## DESIGN & INTEGRATION PROPOSAL

Glendale School District

Glendale ES Access Control and Video  
Proposal: 10610

| 6755 SW Sandburg St. | Portland, Oregon 97223 |  
| Phone: (503) 682-9900 | Fax: (503) 682-9500 | Website: [www.rcss.us](http://www.rcss.us) |

The following proposal is for materials and labor to be provided and installed by REECE Complete Security Solutions

**Video Management System:**

- Relocate and replace existing camera near front entry with Axis IR Dual Lens camera; Reuse existing cable

**Access Control System:**

- (1) New Exterior Card Access Door at Front Entry to include:
  - Card Reader
  - Door Position Switch
  - PIR Request to Exit
  - Connect to Electrified Lock Hardware on both leaves of door (Electrified Lock Hardware to be provided and installed by subcontractor)
  - Includes Access Control Cable from Panel Location
- (1) New Interior Card Access Door from Vestibule to Hall to include:
  - Card Reader
  - Door Position Switch
  - PIR Request to Exit
  - Connect to Electrified Lock Hardware on single leaf of door (Electrified Lock Hardware to be provided and installed by subcontractor)
  - Includes Access Control Cable from Panel Location
- Access Control Panel Equipment to include:
  - (1) S2-1502 Dual Reader Intelligent Controller
  - (1) Altronix Dual Voltage Power Supply Mercury Hardware Enclosure
- Credential Equipment to include:
  - (1) MagiCard Rio ID Badge Printer
  - (100) ICLASS Access Control Cards
- Intercom System to Include:
  - (1) Intercom Door Station
  - (1) Intercom Desk Mount Master Station w/ relay for Main Entry door release

**Project Specific Notes:**

- Proposal assumes that client will purchase required S2 Extreme Controller on separate proposal 10485 for High School

Proposal Pricing Based On: Client request, Site Walk

**Exclusions & Clarifications**

- All 120V Power Required for Devices and Systems in this proposal is to be provided and installed by Others unless otherwise noted.
- All 120V Surge Protection Required for Devices and Systems in this proposal is to be provided and installed by Others unless otherwise noted.
- All Pathways, Conduit, Wiremold, Cable Tray, Back-Boxes, Junction Boxes, etc. Required for Devices and Systems in this proposal by Others unless otherwise noted.
- Network POE and/or PoE+ Switches Required for Devices and Systems in this proposal by Others unless otherwise noted.
- IP Addresses Required for Devices and Systems in this proposal to be provided by others unless otherwise noted.
- Monitors, PC's, Viewing Stations, etc. Required for Devices and Systems in this proposal by Others unless otherwise noted.
- Patching and Painting by Others unless otherwise noted.
- Cable installed by Others must be pulled to device location unless otherwise noted.
- Excludes Lift Rental unless otherwise noted.
- Excludes Backboards unless otherwise noted.
- Excludes Network Cabinets and Racks unless otherwise noted.
- Excludes configuration and troubleshooting of customer's network, including but not limited to, switches, routers, existing copper, fiber, and wireless networks. Configuration and troubleshooting of customer's network by REECE would be performed and invoiced separately on a Time and Materials Change Order upon customer approval.
- VOIP System Programming Required for Devices and Systems in this proposal by Others unless otherwise noted.
- Existing Access Control System unless otherwise noted.
- Existing Video Management System unless otherwise noted.
- Existing Intrusion Detection System unless otherwise noted.
- Includes Permit and Inspection as Required.
- Changes to design and/or scope may result in additional charges.
- All work to be performed during regular business hours.
- One-Year Warranty from substantial completion on workmanship, manufacturer's warranty applies to REECE-supplied material.
- Materials marked "OFE" are Owner Furnished Equipment, installed by REECE, provided by others.
- Terminations to electrified lock hardware that is installed by others or existing will be done as follows:  
Terminations will be made at the frame side of the hinge for electrified panic bars, lever sets and mortise locks.  
Terminations will made directly to electrified strikes, mag locks, overhead door motors and gate openers.
- Proposal pricing assumes that existing equipment is fully functional. Troubleshooting, repair, and replacement of existing equipment will be performed on a Time and Materials change order upon customer approval.
- Proposal pricing assumes that existing cable is fully functional. Troubleshooting, repair, and replacement of existing cable will be performed on a Time and Materials change order upon customer approval.
- Idle time incurred due to absence of required escorts, clearances, inability to enter the workspace, or other factors beyond our control will be considered a change in the contract and may result in additional charges.
- Price valid 30 Days from Date of Proposal
